OUR PORTFOLIO

ALUMINUM DOORS

Available in single and double door configurations, our entrance doors are available in a complete range of glazing formats and include several added security features, including multi point locking mechanisms.

Aluminum Windows

Manufactured with sustainable glass, our unique windows over elegant and narrow sight lines alongside a full range of features, options and finishes. Get stylish, contemporary aluminum windows of your choice.

AUTOMATIC DOORS

We install automatic glass sliding doors which are ideal for entrances that require high volume access. Automatic doors are often installed at entrances to retail stores, quick shops, office buildings and libraries.

ALUMINIUM CURTAIN WALL

We custom build aluminum curtain walls which create impressive facades that not only enhance the aesthetics of a building but also provide the functionality and performance required to meet and exceed current standards.

ALUMINUM BALUSTRADE

We manufacture, supply and fit a range of balustrades for commercial, public sector and domestic clients. We over many different types of glass and no matter how bespoke your enquiry is.

ALUMINIUM / GLASS PARTITION

We are leaders in making demountable glass partitioning, specialist acoustic and fire rated glass partitioning. We have State of the art production processes and machinery to make products of highest quality.

COMPOSITE PANEL WORKS

By engaging with our clients design teams and architects at the earliest possible stage, we are able to over bespoke cladding solutions which provide high quality installations guaranteed to perform to the most exacting standards.

SKYLIGHTS

We provide skylight installation to make your home/ work place energy efficient and more in line with the nature. The work is carried out leak free and with careful selection of panels which are highly durable and resistant to water and heat.

STRUCTURAL GLAZING

A curtain wall system is an outer covering of a building in which the outer walls are nonstructural, but merely keep the weather out and the occupants in. We offer the full range of system and custom-designed windows and curtain walling incorporating full thermal breaks, drainage and the “rain screen” principle of pressure equalization. Finishing of aluminum is available in anodizing and polyester powder coating.

PERGOLA

Pergola is outdoor structure which is also a great way to add an airy resort-style living space right in your own backyard. It is that projected from exterior walls and was supported on one side by columns or pillars. We also offers oriental style pergola, ideal for use as a walkway or a patio door entrance.

BALCONY ENCLOSURE

We provide frame and frameless balcony enclosure systems which increase the aesthetics of a facade. Aluminum and glass fixtures offer a perfect solution for enclosing a balcony or veranda in an easy, affordable and aesthetically pleasing way. Glass and sliding windows are used to enclose the sides, still retaining your view to the outside.

KITCHEN CABINET

We provide installation service for assembling kitchen cabinets, wardrobe and walk-in closets, vanity and doors. An exclusive service included in our projects and executed by our professional installation team formed by experienced carpenters.

FLOORING

We provide a wide range of flooring solutions for both commercial and residential customers across the Middle East. Whether you’re looking for affordable solid wood floors, Ceramic.
